

KASHERING: DISHWASHERS

Kashering a Dishwasher from Non-Kosher to Kosher

Dishwashers may generally not be kashered except when made of stainless steel (and have no non-kasherable materials inside, such as plastic, silicone, or rubber).

NOTE If the racks are not stainless steel or if they are coated with plastic or other substances, they may not be kashered.

Kashering a Dishwasher from Dairy to Meat, or Vice Versa

You may not kasher a dishwasher (even if it is stainless steel) from dairy to meat, or vice versa, in order to use the dishwasher for dairy and for meat utensils, even sequentially.
