

KASHERING: BURNERS

KASHERING: BURNERS: GAS

Kashering a Gas Stove

To kasher a gas stove:

- Remove the burner grates,
- Clean off any deposits,
- Place the grates on a clean surface inside the oven, and
- Heat the grates to the oven's maximum temperature for 40 minutes.

KASHERING: BURNERS: ELECTRIC

Kashering a Clean Electric Stove

To kasher a clean electric stove, turn the burners on to the highest setting until the burner glows red (this is easier to see at night) or until a piece of paper will burn on it (the paper does not need to burst into flame).
