

# ONE-TIME METHOD: HOW TO WASH

## How To Wash Hands the One-Time Method

To wash hands the One-Time Method:

- Fill the washing cup with at least 3.3 fl. oz. (99 ml) of water.
- Pour enough water (may be as little as 1.3 fl. oz.--39 ml, or 1/6 cup) from the washing cup to completely cover your entire first hand (either hand may be first but it is proper to wash your right hand first).
- Pour enough water to completely cover the second hand.

**NOTE** You do not need to pour any more than that or to break up the revi'it into two pours.

## Drying Hands after Washing for Bread

When washing your hands before eating bread, the ideal procedure is to wash, say the blessing al netilat yadayim, and then dry your hands (since the drying is part of the washing procedure). Many people have the custom of pouring water onto each hand twice but only before eating bread.

**NOTE** If you washed your hands, dried them, and then said the blessing al netilat yadayim, b'di'avad you are covered. But if you washed your hands and dried them but did not yet say the blessing al netilat yadayim, you should touch a normally covered part of your body, wash your hands again, say al netilat yadayim, and go on to say ha'motzi on bread.
