# PASSOVER: FOODS AND SOAPS

# **PASSOVER: FOOD ITEMS**

#### **Cumin**

Cumin is not used on *Passover* due to its similarity to *kitniyot*. This is a custom.

#### Flour (raw)

Raw flour is suspected of being *chametz* and therefore may not be owned during *Passover*.

## **Frozen Vegetables**

Frozen vegetables, such as spinach or broccoli, may not be used on *Passover* unless certified as *kosher* for *Passover*.

#### Matza (Oat)

There is no question that oat <u>matza</u> properly made and supervised according to Jewish law is <u>kosher</u> for eating on <u>Passover</u>.

#### Matza (Unopened)

Kosher for Passover matza in unopened packages stays kosher for Passover and may be used in subsequent years.

#### Quinoa

Quinoa is not *chametz* because it does not ferment without adding yeast and it is not one of the original *Five Grains*.

#### **Seltzer**

Plain seltzer (with no additives other than water and carbon dioxide) that has been produced before *Passover* does not need *kosher* supervision.

If produced during Passover, it might need kosher supervision.

#### Water (Plain)

Plain water (in the USA) never needs *kosher* supervision, not even for *Passover*.

#### Yeast

Yeast is not normally *chametz* but may not be used on *Passover*.

## **PASSOVER: SOAP/TOILETRIES**

## **Dish Soap**

Dish soap made from *kosher* ingredients but without *Passover* supervision may still be a problem on *Passover* due to possible alcoholic ingredients.

#### **Chametz Soap**

You may not use (including you may not ingest even tiny amounts of) soap that contains *chametz* on *Passover*. But since it is not fit for a dog to eat, you do not need to sell it.

#### **Toothbrush**

You do not need a new toothbrush for *Passover* as long as it is clean.

## **Toothpaste for Passover**

Toothpaste does not need to be specially made kosher for Passover.

# **Laundry Starch**

You may use non-*chametz* starch on clothing during *Passover* but not on tablecloths, napkins, or other items that might contact food.

REASON The starch might be *kitniyot*.
