TEFILIN: STORING

Tefilin: Storing: How To Put Away

Put <u>tefilin</u> into its bag so that the knot on the arm <u>tefila</u> (<u>tefila shel yad</u>") faces away from the head <u>tefila</u> (<u>tefila shel rosh</u>).

REASON So that the arm *tefila* does not abrade the head *tefila*.

NOTE This is not a *halacha*, just good advice.
