

# TZITZIT: CHECKING

## TZITZIT: HOW TO CHECK

### Tzitzit: For What To Check

#### Torn

In checking tzitzit, determine:

- Are any loops torn?
- Are 8 strings visible on each corner?

If you cannot see 7 strings due to one or more having been torn off, consult a rabbi.

#### Tangled

There is no problem if tzitzit are tangled. However, to untangle them:

- Is a superior way to fulfill the mitzva, and
- Allows you to easily check them to see if there are 8 tzitziyot.

#### Frizzy

If any tzitziyot are so frizzy that the individual tzitziyot cannot be distinguished, they are invalid (pasul).

**NOTE** To prevent frizziness during laundering, wrap the tzitziyot tightly in a rubber band before drying them in a dryer, or hang them to dry.

#### NOTE

- If the hanging end of a tzitzit string breaks below the lowest knot, the string is kosher.
- If more than one string breaks, or if one string breaks above the lowest knot, consult a rabbi since the tzitzit may not be kosher.

## TZITZIT: WHEN TO CHECK

### Tzitzit Checking: Before Blessing

You are not required to check tzitzit on a talit katan or talit gadol each day.

**REASON** We assume, based on the norm (chazaka), that the tzitzit are OK.

But it is a good idea to check them before saying the blessing over them each day.

### Tzitzit Checking: Shabbat and Jewish Festivals

Do not check tzitzit on Shabbat or Jewish festivals.

**REASON** If there is something wrong, you might untangle them and thereby untie a knot, which is prohibited from the Torah.
