Borei Pri HaAdama: Salads

Say *borei pri ha'adama* on vegetable salad.

NOTE

The fore-blessing of <u>borei pri ha'adama</u> also covers salad toppings and additions that by themselves require a different blessing, such as:

- <u>Borei pri ha'eitz</u> for a sprinkling of pine nuts, cashews, apple slices, or raisins, or
- Borei minei mezonot or ha'motzi for bread croutons.

REASON

Since these toppings and additions are subordinate to the main salad, you do not say the individual blessings; you only say *borei pri ha'adama*.
