

Kiddush Levana: When To Say: Shabbat

You may say kiddush levana on Shabbat, if needed.

EXAMPLES

- Shabbat is the last possible night that month to say kiddush levana.
- The forecast is for clouds for the other nights until it will be too late that month to say kiddush levana.

NOTE

On Shabbat, say only the blessing of kiddush levana, not the psalms or other phrases (psukim).
