Everyone Must Drink at Seder

At the *Passover seder*, all Jews above the age of *bar mitzva* or *bat mitzva* (including women--unlike on other *Jewish festivals*) must drink wine for *kiddush* and for the other three times in the *seder* when the *borei pri ha'gafen* blessing is said.

NOTE On the other *Jewish festivals*, only one person needs to drink the wine when *kiddush* is said, and that will cover and fulfill everyone else's requirement for that *kiddush*.

NOTE Only children and people who will get sick if they drink alcohol are permitted to drink grape juice at *seder*.
