Mezuza: Buildings Regularly Used with a Person's Home

Mezuzot must be placed on any buildings used with a person's home.

EXAMPLES

- A barn with animals that is near a house, if you use their *milk* or meat for food.
- A coop with birds that is near a house if you eat their meat or eggs.
- A shed for firewood.

NOTE There may be exceptions due to size or other factors--consult a *rabbi*.

NOTE A structure that only stores items not used regularly, such as a shed for storing a *sukka* --even if attached to a house--does not need a *mezuza*.

NOTE Do not put *mezuzas* on a *sukka* or any other temporary structure. If you have a pergola or gazebo that is at least 50 sq. ft. of area inside and that you use during much of the year, consult a *rabbi*.
