Kashrut: Dairy/Meat: Larger Pot Spatters above Normal Food Line

SITUATION

- A hot, empty pot of one gender gets a spatter of opposite-gender food ABOVE the normal food line.
- The spatter is more than 1/3600 of the normally used volume of the pot.

STATUS The pot is non-*kosher*.

WHAT TO DO You must *kasher* the pot by washing in cold water and soap, waiting 24 hours, and then boiling the pot.
