

Kashrut: Dairy/Meat: Larger Pot Spatters above Normal Food Line

SITUATION

- A hot, empty pot of one gender gets a spatter of opposite-gender food ABOVE the normal food line.
- The spatter is more than 1/3600 of the normally used volume of the pot.

STATUS

The pot is non-kosher.

WHAT TO DO

You must kasher the pot by washing in cold water and soap, waiting 24 hours, and then boiling the pot.
