## **Cold Condiments Used for Dairy and Meat**

*B'di'avad*, you may scoop out mayonnaise or mustard and spread it on meat and then scoop out more and then later use same condiment on *dairy* foods (and the same for *dairy* and later on meat) as long as any residual food is less than 1/60th of the total volume of food. But the preferred practice is to have two separate containers, one for *dairy* and one for meat foods.
