## **Replacing Lid and Food Incompletely Cooked by Sunset**

For food that is not fully cooked, you may not remove and replace the lid (such as when checking to see if the food is cooked).

**REASON** Replacing the lid helps cook the food (the food's being fully cooked before *Shabbat* avoids this problem).

When using a crockpot or slow cooker with a glass lid, however, the food does not need to be fully cooked.

REASON You can see how well cooked the food is through the lid.
