Responding to Prayer Leader before Elohai Netzur

SITUATION	You have finished saying the final *amida* blessing *"...ha'mevareich et amo Yisrael ba'shalom,"* but you have not yet said *Elohai neztur*.... You now need to respond to the prayer leader when he says *kaddish*, *kedusha*, blessings, or *modim*.
WHAT TO DO	Quickly say the line "*Yihiyu l'ratzon imrei phi....*" and then you may reply to all parts of the public prayer, except that you may not say "*Baruch hu u'varuch shemo.*" Then you may say *Elohai netzur*.
NOTE	If you need to say the mourner's *kaddish*, say the entire line of *Yihiyu l'ratzon imrei phi* and then say mourner's *kaddish*. You may step back at *Oseh shalom* in *kaddish* and then, after completing saying *kaddish*, you may say *Elohai netzur*.
