Passover: Getting Rid of Chametz: Acquiring Chametz during Passover

If you inadvertantly buy *chametz* on Passover, you must burn it.
If *chametz* was brought to you, such as by mail delivery service, DON'T accept it. Consider it as ownerless/*hefker*. You may not bring it into your house or yard. If it is still there after Passover has ended, you may take it for yourself.

NOTE If you inadvertantly bought *kitniyot* during Passover, just put it away until Passover has ended and then you may eat it.
