Buying and Using Shmita Wine

You may not buy wine from grapes grown in <u>Eretz Yisrael</u> during a <u>shmita</u> year unless you buy it from an <u>otzar bet din</u>. Even if you do buy from an <u>otzar bet din</u>, it is not recommended to buy <u>shmita</u> wine since you:

- May not waste even one drop,
- Must use it only in the normal way, and
- May not dispose of the residue in the bottle until it has become unpotable.
