When To Say Blessing over New Fruit Blossoms

The first time each year that you see blossoms on an edible-fruit tree, say the blessing "*shelo chisar ba'olamo davar*…." It may be anytime throughout the year, not only in *Nisan*. If you live in a region in which fruit trees blossom all year round, you should say "*shelo chisar"*... in *Nisan* after you see some new blossoms.

NOTE You may say the blessing on a single tree, even though the blessing says "trees" (plural).
