

JEWISH FESTIVALS: FOLDING CLOTHES

Jewish Festivals: Folding Clothes on Existing Crease

Don't fold clothes (including a *talit*) on an existing crease on Jewish festivals.

Jewish Festivals: Folding Clothes on New Crease

You may fold clothes on Jewish festivals by making a new crease, but only if there is already an existing one on the garment. If there is not a crease from before you used the garment, you may not make one.

REASON This avoids smoothing out clothing (a forbidden action on Jewish festivals and Shabbat).
